Refugee Families Served

REFUGEE TO U.S. MARINE

One of the greatest things about walking alongside refugee families as neighbors and friends over a long period of time is that we get to celebrate many important events and milestones. We welcomed the K* family to our community in 2013. Since then, we have watched this family push through challenges together with an eye on the future. The K* children participated in many of our programs during their time living at Cedar Point Apartments. In xxxx, we celebrated as the family purchased a beautiful home in Southeast Raleigh. The oldest son B* was 10 when the family arrived in the US. He graduated high school in 2021 and enlisted in the U.S. Marines! After several months of basic training, part of the RHP team traveled to Paris Island to join his family for his graduation. He is now serving as a US Marine stationed at Camp Pendleton, California. Refugee Hope Partners exists to engage, equip, and encourage refugee families so that ALL may thrive. Join us in celebrating the thriving K* family! We can't wait to see what the future holds. We will be cheering them on every step of the way!
